Program

17.00 - 19.00 "Personal Resilience Wisdom" from Antony Kalogirou

19.00 - 20.00 New Year's Reception

20.00 - 21.00 Wine Touring & Wine Tasting

"Personal Resilience Wisdom"

In today's most complex and unpredicted environment, we are all called to understand and adjust to the new realities we are witnessing in our life and business. It is imperative that you, as leaders of your organizations, stay resilient to adversity, armed with the courage to win and the clarity to take the right decisions for the future.

Having passed the point of wondering how did we end up here, it is time for action. Our discussion igniter, **Antony Kalogirou**, a mentor with great experience at the handling of change, will elaborate on "what change is" (change of beliefs, resistance, ignorance of what's there for us), our strategy in times of crisis (re-prioritization of values, solution focus, constant movement and pursue of mastery) and the prerequisites of change (self awareness, will, self confidence, faith). If there is a right time for change, it is now...

Igniter's Bio

He is the founder and leader of "Institute of Dynamic Development", author of the bestsellers "Success Dynamics", "That's how you succeed" and "The truth of love", as well as mentor of many personages of the Greek society. He has created the Kalogirou Method, which he teaches in his experiential seminars.

His Method owes its great success to the way it leads you, directly and creatively, to experience and activate your unlimited potential.

Since 1972, thousands of people from Greece and Cyprus have attended his experiential seminars on strategies of self-development, success and happiness, making spectacular changes in their lives.

"New Year's Reception"

We will celebrate the New Year with the traditional cutting of "Vassilopita".

"Wine Touring & Wine Tasting"

Join us in the alluring world of wine!

We will have the opportunity to explore the magic process of wine production - the stages of bottling, wine aging, and interesting information about wine varieties. We will continue with the tasting of 5 varieties of their awarded wines.
