Futurist and Humanist, Author, Keynote speaker, CEO The Futures Agency

# Agenda

18.30 – 19.00	Registration
19.00 – 20.00	Igniter <b>Gerd Leonhard</b>
20.00 – 20.30	Roundtable Discussion
20.30 – 21.30	Cocktail Reception

Can we shape our future before technology does it for us? As it is no longer about whether technology can do something but whether it should do something- the “why” becomes of absolute importance.

The ethical and cultural dilemma for you, the leaders of your organizations, is to really consider how you can harness the tremendous power of exponential technologies to advance human happiness with more sense making, context and meaning instead of simply focusing on efficiencies and profits, and forgetting what really matters to humans.
